SUMMARY

I'm Anil Navik a Full Stack Python Developer who loves turning ideas into functional web application. I have knowledge in Python and Django in backend and I'm comfortable with front-end technologies like HTML, CSS, JavaScript and React Js. Eager to contribute my skills and knowledge to deliver innovative solutions and drive organizational success.

SKILLS

Programming Languages : HTML, CSS, JavaScript, Python

Frameworks : React Js, Django

Database : SQL, MySQL

Visualization Tools : Git/Github

PROJECTS

1. Healthcare Appointment Booking System – Full-Stack Web Application

1. Built a role-based appointment booking platform using Django, HTML, CSS, and Bootstrap, enabling patients to book appointments and doctors to manage schedules efficiently.
2. Integrated secure user authentication, OTP-based password reset, and a real-time notification system to enhance security and communication between users.
3. Designed a responsive user interface for seamless access on all devices, and implemented CRUD functionality for appointments, supporting end-to-end management for both doctors and patients.

2. News Portal Website

1. Designed and developed a responsive news portal using React, fetching live news data via NewsAPI based on category and search queries with Axios and React Router DOM for seamless navigation.
2. Handled real-world API constraints such as CORS issues and HTTP status errors (e.g., 426) by testing multiple API endpoints, applying proxy solutions, and implementing fallback logic to ensure reliability during development.
3. Integrated Bootstrap modals to display detailed news content, and enhanced user interaction with loading indicators, fallback images, and error handling for improved UX.

EDUCATION

Bachelor's of Science in Computer Science

Nagindas Khandwala College

August 2021-April-2024

COURSE

Masters in Full Stack Python Developer

August 2024

IT Vedant Education Pvt. Ltd.

Coursework: HTML, CSS, JavaScript, Python, Django, React JS, SQL, MySQL

CERTIFICATIONS

Spoken tutorial project at IIT Bombay

Certificate for Completion of Python 3.4.3 Training

Certificate for Completion of PHP and MySQL Training
